Walker and Conner Coffy

Kokomo High School Class of 2019 graduates, and twin brothers, Walker (left) and Conner (right) Coffy plan to attend Rose-Hulman Institute of Technology on full-ride scholarships where they will earn degrees in Chemical Engineering and Biomedical Engineering, respectively. Walker and Conner, the sons of Dana Mason, plan to graduate from college debt-free and then use their skills to improve the lives of others. The Frankton High School transfers took advantage of Kokomo High School's Advanced College Preparatory Academy, as each completed nine Advanced Placement courses, including all AP Science courses offered at KHS. Connor noted, "the thing I appreciate most about Kokomo High School is its academic variety. The administration offers courses and programs to fit anyone's needs." Walker added, "I love that I had the opportunity to take advanced classes. My previous schools never provided the academic challenge I sought. At KHS, I had access to AP courses, as well as Kokomo Area Career Center courses; both better prepared me for college and my future career." The Advanced Concert Band and Marching Band members thanked KHS Band Director John Pinson for "offering great advice that applies not only to school life, but also to life in general;" and their mother for "always encouraging our academic growth."

*Congrats
to all
KHS graduates!*
